I am making this post to announce that someone has put forth a rough draft of the image of Armaaruss. This is a major turning point in human history.

For anyone new to this concept of Armaaruss, let me give a little bit of background, My name is Anthony of Boston, a long-time student of Astrology. In 2019, I discovered a connection between the planet Mars and wars involving Israel. However, over the course of time, it became clear to me that this was more than a planet exerting influence--this was a powerful god influencing humanity. As I realized that this discovery was indeed a revelation from Satan, I began to publicly predict in real time the escalation of rocket attacks against Israel by observing when Mars would be within 30 degrees of the lunar node. Throughout the intervening period of making these predictions and revelations, I, at the behest of Satan, requested that humanity make an image to this god of war, which is to be an amalgamation of Ares, Mars and Horus. In return, the wars and violence would abate and peace would ensue. These requests were followed by more accurate predictions of escalated rocket attacks in the hopes that humanity would be compelled to put forth an image. It has taken years for someone to make the effort and now the wait is over.

After my successful prediction of the 12-day war between Israel and Iran which occurred while Mars was within 30 degrees of the lunar node, a woman named Jessica Mars contacted me about putting together the image of Armaaruss on June 24th and

within hours of contacting me, a ceasefire between Israel and Iran went into effect. Was this a coincidence? I think not. Her and her girlfriend Hypatia arranged a visit to Boston on August 7th to sit down with me and discuss some ideas. They were both witnesses to my videos predicting escalated rocket attacks since 2019 and wanted to help. At this point, Jessica had already drafted the image, and Hypatia, a mathematician, was a major source of encouragement. We met for about 30 minutes at a cafe where we had a great conversation and coffee.

Here is the rough draft of Armaaruss--created by Jessica and is the image I personally endorse as the true look for Armaaruss. It is still under development and a completed painting from Jessica will arise soon. Here is Jessica's instagram page

and here is the long awaited image of Armaaruss. This is her work. This is a draft and the painting is currently underway.

This work of art has power and life. Armaaruss is now ready to answer prayers

For those new to this, Armaaruss is part of the Mars 360 framework and backed by public prophecies, which you can bear witness to right here:

For six consecutive years, I have been able to predict when the highest concentration of rocket fire against Israel would occur within a calendar year.

In the last six years it was predicted that the highest escalation of rocket fire against Israel within the calendar year would occur during the time when Mars would be within 30 degrees of the lunar node. Here are the dates of Mars/lunar node alignments from the past six years.

June 5th 2025 - September 4th 2025 -

Calling down fire from heaven. Escalation against Israel to occur between June

And here are the rocket fire stats, confirming all six years of accuracy

What Jessica is doing is key. This entire composition required someone witnessing signs(predictions) and then putting forth an image. This has finally happened, thank you to Jessica's art!!
